

AEMOTIO SPA

Hotel Hermitage,
Cervinia Italia

COMFORT VICHY SHOWER
6 adjustable jets, complete with a PREPARE function: the operator selects the ideal water temperature prior to activating the shower, thus ensuring that the customer will not be subject to any thermal shock

WATER MATTRESS
The durable polyurethane water mattress guarantees excellent comfort

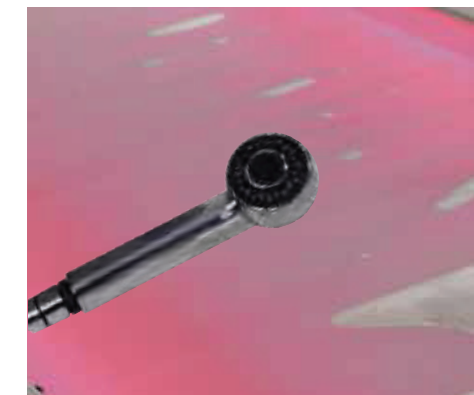

STEAM BATH

The benefits of steam baths can be offered thanks to a professional stainless steel steam generator. In order to ensure the effectiveness of the treatment, the steam is contained by a convenient and hygienic disposable curtain, which can be easily removed.

SAVONAGE

The treatment with a soft and voluminous mousse, produced by an integrated generator, has a pleasant relaxing and cleansing effect (upon request)

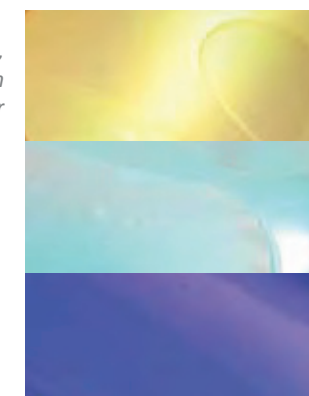

ENERGY HEAT SYSTEM

Featuring a heating plate to adjust the mattress water temperature, thus drastically reducing water consumption while at the same time maximizing the practitioner's time and ensuring a comfortable temperature for the client.

WET TABLE

Featuring an electric height adjustment, the Wet Table also comes complete with Dibond composite panel walls, perfect for any type of customization.

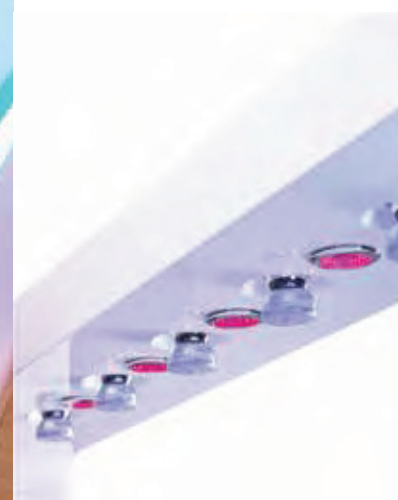

COLOR THERAPY

The 7 primary colors can be programmed to turn automatically, or can be selected according to the type of treatment to be performed, providing for magical moments of wellbeing

INFRARED

5 cold infrared lamps empowering chromotherapy

MANUAL BOLERO

Shower for targeted micro massages and rinse operations performed directly in the tub
